

WORKSHOPS

With Susan Purney Mark

Empress Tiles

1 Day

Inspired by floor tiles! Students will learn a relaxed approach to cutting and stacking fabrics that gives a “surprise every time”...these are triangles with “attitude”! We will cover a variety of options in cutting and placement which will give endless combinations to experiment with and lots of future quilts! This quilt design is from my new book “Fat Quarter Frenzy”.

Shattered Angles

1 Day

This technique is full of surprises in creating a design to be “one of a kind”. Students will learn how to “stack, slash and sew” fabrics, insert contrasting strips and how to play with colour and value to create a very unique design. Quilt size and layout is flexible, make it big or small. This design is the perfect quilt for fat quarters or a secret stash of wonderful fabrics!

Stamp It Up!

3 Hours – No Machine Required

Creating and using your own images is a great way of applying design on fabric. Learn easy techniques of carving your very own personalized stamps and the different paints and inks available. Lots of fun and absolutely no experience necessary!

Kit Fee \$ 15.00

Dragon Bones and Fish Fingers

1 or 2 Day

Learn lots about design and block arrangements in this class where insertion strips of colour run across the fabric surface. Squares, rectangles, triangles or diamonds; students can choose from a variety of shapes; and sizes are flexible.

The quilts will provide unique areas for further quilting design and embellishments.

In a two day class students will spend more time designing their own shapes, testing the technique and designing their border treatments.

Caught in the Web

1 Day

Not your Grandmothers fusing! Learn to use the many fusible web products in a whole new way...as part of the design. Students will experiment with a variety of fusibles and play with applying colour to the web by painting, stamping, stenciling and printing. Inspired by the design, students can then learn about adding threads and other embellishments and bonding them within the web. Lots of fun and a new technique for students further development.

Too Easy Stained Glass™

1 Day with provided pattern

2 Day with students own design

Stained glass that's fast fun and Wow! No bias tape, no glue! In this class, students will learn a fast way to make stained glass and how they can use this method for lots of future projects. Using printed scenes on fabric and fusible web, students learn a great reverse appliqué method that looks just like complex stained glass.

- In the two day class students will design their own window leading pattern before creating a pieced background for the quilt.

Give & Take Appliqué™ 1 or 2 Day

This fused appliqué technique gives two for one with an amazing positive/negative effects. Be surprised at how easy this method can be. In a two day class students will design their own unique motifs in a chosen size then create a repeating design with stunning possibilities.

Surface Matters

2, 3 or 4 Day

Spend time exploring all the wonderful products available for adding interest, texture and detail to the quilt surface. Students will experiment with resist and discharge as well as paintsticks, photo and other transfer methods.

- In a 3 or 4 day class students will have further opportunity to plan and work on their own

Sexx on the Surface! 1 Day

Screen Printing for Quilters

Learn the basics of a very easy technique to create your own fabric designs suitable for clothing or to make into quilts, and home decor. Students will be introduced to the fundamentals of screen printing on fabric using simple screens and their own designs. No experience necessary but must be willing to have fun.
